HUMIC ACID MAXIMIZE POTENTIAL!

Ful-Power™ is an essential component for all gardening styles. Humic substances are the missing link in most plant systems.

The purity from our cold-microbial extraction process increases efficacy and ease of use! Ful-Power is compatible with all fertilizers because our method does not use any preservatives or chemical extractants. Our application rates are based on what works! See the results for yourself!

Use in a wide variety of applications including containers, soil, hydroponic, turf, foliar sprays, clones and cuttings, bare-root dips, seed activation programs, and compost teas. Ful-Power is golden in color and does not stain, clump or drop out.

Ful-Power is fermented by BioAg: Inspired by Nature, Elevated by science™.
