

MULTI-MINO™ 7-0-0

NET CONTENTS: SAMPLE (25 grams)

Multi-Mino™ is an amino acid complexed micronutrient fertilizer. It can be used to correct micronutrient deficiencies in the crop and soil. Consult with your agronomist for application recommendations.

GUARANTEED ANALYSIS

Total Nitrogen (N): 7.00%
-----2.00% Water Soluble Nitrogen
Boron (B): 0.5%
Copper (Cu): 1.00%
-----1.00% Water Soluble Copper
Iron (Fe): 2.5%
-----2.5% Water Soluble Iron
Manganese (Mn): 1.00%
-----1.00% Water Soluble Manganese
Molybdenum (Mo): 0.1%
Zinc (Zn): 3.00%
-----3.00% Water Soluble Zinc

Derived from: Multiple Micronutrient Amino Acid Complex (Zinc Sulfate, Ferrous Sulfate, Manganese Sulfate, Copper Sulfate, Sodium tetraborate (Borax), Ammonium Molybdate)

DIRECTIONS FOR USE

Greenhouse & Indoor Production: Soil/Soilless/Hydroponics/Compost Tea/Foliar Sprays (per application as needed) - 1/2 tsp to 1 tsp/gal.

Field Application: Soil Fertility/Foliar Application - 1 to 2 lbs/acre as needed.
1 tsp = 1/3 tbsp = 0.3 oz = 3 grams

Lawn and Garden: 0.5 to 2 oz per gal.
1 tsp = 1/3 tbsp = 0.3 oz = 3 grams.

GENERAL INFO: Multi-Mino can be applied by broadcasting, in-furrow, as a side dress, via spray and through fertigation. Perform a jar test prior to tank mixing. Consult with your agronomist for application recommendations. While applying Multi-Mino consider reducing overall fertilizer application rates. Refer to leafcharts for detailed application rates and timing at: www.BioAg.com/feedcharts.

For info regarding contents and levels of metals in product visit: www.aagfco.org/metals.html

STORAGE: Store in cool, dry environment. Keep product in sealed container away from moisture.

WARNING: Contains Boron. Do not use on sensitive crops. The use of this material on any crops other than those recommended may result in injury. Use only according to manufacturer's directions. Contains Molybdenum. May be toxic to grazing ruminant animals or other livestock. Use only according to manufacturer's directions.

CAUTION NOTICE: Buyer assumes all risk for use not in accordance with labeled directions. Harmful if swallowed. Avoid contact with skin, eyes, open cuts, and sores. Wash hands after use.
